

CHAMP Soccer Camp Health and Safety Protocols

- 1) Face masks are recommended, but not required, especially when players or spectators “cannot maintain six (6) feet of social distancing from non-household members” (North Carolina Executive Order 209).
- 1) Temperature checks will be performed upon arrival. All players will have their temperatures checked. Non-contact thermometers will be provided. * This check-in procedure is subject to change as health and safety guidelines change.
- 2) Personal hand sanitizer should be applied upon arrival and used frequently during activities. Coaches will be equipped to provide hand sanitizer to those who need it.
- 3) Security bracelets will be provided.
- 4) We will have a designated area for spectators.
- 5) Parents must check self and player(s) for any signs of illness BEFORE arriving at any CHAMP event. If you or anyone in your household has a raised temperature of 100.4 or higher or any other illness symptoms, you should not attend any CHAMP events.
- 6) If you know or think you have been exposed to COVID-19 in the past two weeks, do NOT attend any CHAMP event until after a two-week quarantine period has been observed. Please contact Kelly Lamb.
- 7) For more information about prevention and safety regarding COVID-19, please visit <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>.
